AI USE DECLARATION FORM

To be submitted together with the Report

WHY THIS FORM IS NEEDED
Using AI tools (like ChatGPT, Claude, Gemini, or Grammarly) is allowed, but it must be disclosed. This form asks you to state clearly how AI helped you, so your work stays honest and clear for your instructor.

Student Information

Name: Cyrille Hope Cabahit

Group / Section: Sponty_3rd Year/EveningClass

Title(s): SPONTY-CSWI – Community Service Request Management Application (Database Planning)

Date: October 24, 2026

Part 1: How AI Was Used

AI Tool Used	Purpose of Use	Section(s) Applied	Sample Prompt (short)
ChatGPT	To identify database requirements and plan the database structure.	Database Requirements Analysis	Help me identify the database requirements for SPONTY-CSWI.
ChatGPT	To identify possible entities, attributes, primary keys, foreign keys, and relationships.	Database Schema Design	Identify the tables, attributes, and relationships needed for our system.
ChatGPT	To understand database normalization and reduce redundant data.	Database Normalization	Explain how to normalize our database up to Third Normal Form (3NF).
ChatGPT	To create a preliminary ER diagram and review data integrity requirements.	ER Diagram and Database Constraints	Create a Mermaid ER diagram for our proposed database schema.

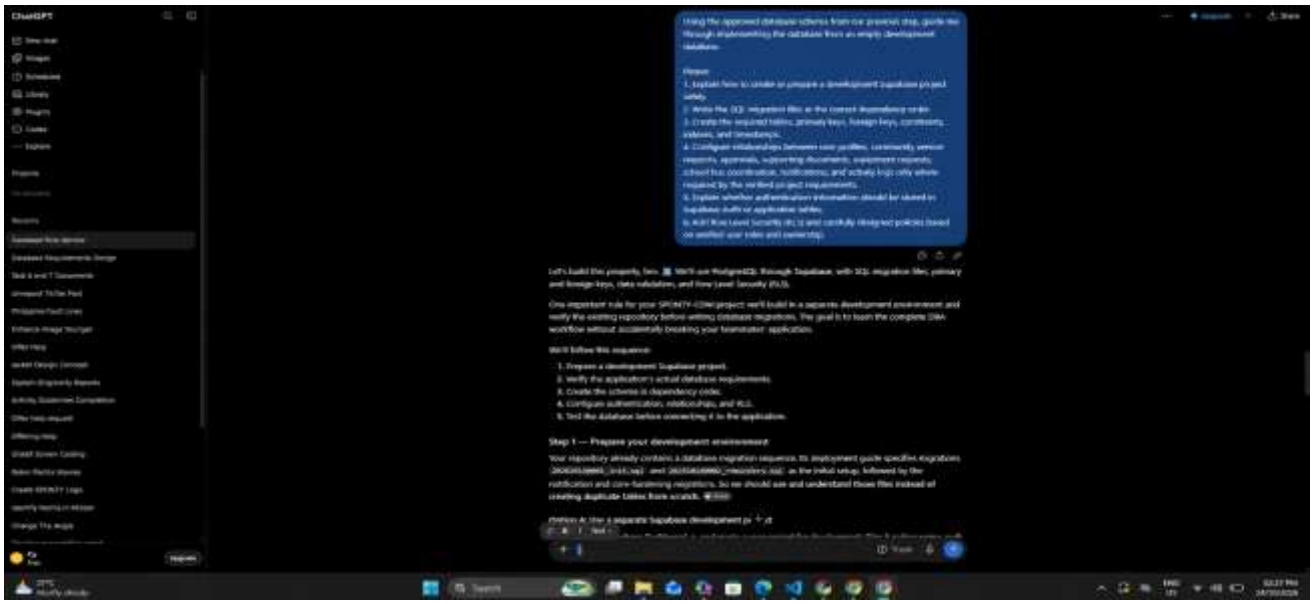

Part 2: Estimated AI Assistance

Choose the option that best describes how much AI helped with your written output:

- ☐ Little help (idea checking, grammar checking only)
- ☑ Some help (AI helped organize or word some parts, but ideas are ours)
- ☐ Heavy help (AI wrote large parts of the text, then we edited it)

PROOF TO ATTACH

Attach a screenshot or shared link of your ChatGPT conversation showing the prompts and responses used for database planning.

Part 3: Declaration

I/We declare that the information above is true and complete. I/We understand that the final ideas, decisions, and writing of this concept paper remain our own responsibility, and that AI was used only as a support tool, not as a replacement for our own thinking and work.

Christine Marie Ordaneza

Where to Get an AI Usage Report

Students may use the following to support their declaration. The AI chat transcript itself is the best proof. The tools below are optional extra checks.

1. Your Own AI Chat Transcript (Best Proof)

- ChatGPT, Claude, and Gemini all let you share a conversation as a link, or export/print it as a PDF.
- This shows your exact prompts and the AI's exact answers — the clearest and most honest proof.

2. AI Detection / Writing Report Tools (Optional, Free Options)

- GPTZero (gptzero.me) — free basic report, made for students and teachers, shows an AI-likelihood score.
- Copyleaks — has a free trial, gives a report showing which parts may be AI-written.
- QuillBot AI Detector — free and simple, gives a quick percentage score.]

NOTE

AI detection scores are not always 100% accurate. They are only a support tool. Your own saved AI chat transcript is still the strongest and most reliable proof.
